## Meeting the challenges of Agriculture and Forestry with Commissioner Bob Odom

Louisiana farmers in 43 parishes are now eligible for the USDA's low-interest Emergency Farm Loan and Livestock Compensation Program because of drought, Commissioner of Agriculture and Forestry Bob Odom said.

Farmers in an additional 18 contiguous parishes can apply for emergency loans but are not eligible for livestock compensation.

"It's ironic that we're getting this assistance for drought now when we need disaster money for rain and wind damage," Odom said. "I made phone calls to our Congressional delegation, who were all very helpful and continue to be helpful in trying to get aid for our farmers. I even invited top USDA officials down here after Hurricane Lili so they could see the damage firsthand but, unfortunately, that effort was fruitless."

Odom was seeking disaster payments for farmers because, as he has said before, "farmers can't borrow themselves out of debt."

"We'll take what we can get, but a payment sure would help the families that are having to decide whether or not they can stay in business next year," he said.

Odom said he is pleased with the Livestock Compensation Program that made available \$752 million nationwide for cattle, sheep, goat and buffalo producers hit by drought.

"This will give our livestock producers a little relief," he noted. To find out how much compensation they qualify for, Odom said livestock producers should contact their local USDA Farm Service Agency office.

According to the USDA's Oct. 22 announcement of the agriculture disaster areas, 43 parishes received a primary designation "for drought that has been ongoing since April 2, 2002." Primary disaster areas are eligible for both low-interest emergency loans and livestock compensation.

The 43 Louisiana parishes are: Ascension, Avoyelles, Beauregard, Bienville, Bossier, Caddo, Caldwell, Catahoula, Claiborne, Concordia, DeSoto, East Baton Rouge, East Feliciana, Franklin, Grant, Iberville, Jackson, LaSalle, Lafourche, Lincoln, Livingston, Natchitoches, Ouachita, Point Coupee, Rapides, Red River, Richland, Sabine, St. Helena, St. James, St. Landry, St. Tammany, Tangipahoa, Tensas, Terrebonne, Union, Vernon, Washington, Webster, West Baton Rouge, West Carroll, West Feliciana and Winn.

The 18 contiguous parishes that are eligible for loans but not livestock compensation, are: Acadia, Allen, Assumption, Calcasieu, East Carroll, Evangeline, Iberia, Jefferson, Jefferson Davis, Lafayette, Madison, Morehouse, Orleans, St. Bernard, St. Charles, St. John the Baptist, St. Martin and St. Mary.

Farmers who want to apply for the emergency loans or livestock compensation should contact their local Farm Service Agency office for more information about application procedures. Farmers in eligible parishes have eight months from the disaster declaration date to apply for the loans.

James Lowry of Calcasieu 4-H sold his Reserve Grand Champion/Louisiana Bred Reserve Champion Swine to Kilpatrick Life Insurance and Commissioner Bob Odom during the Junior Livestock Sale at the State Fair of Louisiana in Shreveport. ## Broussard wins National Association of Credit Specialists 2002 Blood, Sweat and Tears Award

John H. Broussard of Broussard recently won the National Association of Credit Specialists, NACS, Ray Turknott Blood, Sweat and Tears Award.

The NACS is an employee association for the USDA's Farm Service Agency. NACS works to expand, improve and expedite the services of USDA agencies to rural America.

According to NACS information, the award was named in honor of the founder and longest-serving president of NACS. The NACS Past President selects the recipient each year based on the his or her service to NACS and its members.

"I am proud to see someone from Louisiana receive this distinguished award," Commissioner of Agriculture and Forestry Bob Odom said. "I've known John's family for many years and he is very deserving of this honor."

Mary Lu Wilkerson, on behalf of the members of the Board of Directors for the Louisiana Association of Credit Specialists, LACS, nominated Broussard for the award. In her letter to the Past President, Wilkerson wrote, "John H. Broussard epitomizes the spirit of NACS in every sense, and he has been a loyal member of the National and State Associations for over a decade. His representation as a NACS member and officer has promoted the image of the Association and served to increase the strength and integrity of NACS on a nationwide basis."

After receiving the award, Broussard said, "To be the 2002 recipient of the NACS Blood, Sweat and Tears Award is an extreme honor. This award is considered the most prestigious and highest honor given by the national employees organization."

Broussard is given credit for reorganizing LASC after the state had no membership or participation in the NACS from 1985 to 1990. Under Broussard's leadership in rebuilding LACS, Wilkerson said membership "flourished" with nearly 100 percent of the state's County (Parish) Supervisors becoming members.

Broussard is currently the Program Director of Rural Business-Cooperative Service for USDA's Rural Development Office in Alexandria. He is married to the former Charlene Leger, and they have two children, Janie and Jacob.

Broussard is the son of Manning "Pete" Broussard of Abbeville. Pete Broussard is the assistant commissioner of Agro-consumer Services for the Louisiana Department of Agriculture and Forestry.
